Donald C. Norseth
Distribution Engineer
State Engineer's Office
Capitol Building
Salt Lake City, Utah

Dear Mr. Norseth:

I wish to acknowledge receipt of your letter of February 27, 1961 with reference to the annual meeting of the Burnt Fork-Birch Creek Water Users at Manila, Utah, on March 7, 1961 at 4:00 p. m.

At this time it looks like I will not be able to attend because of another meeting scheduled in Laramie on March 7 and 8.

Mr. David P. Miller, Superintendent, Water Division No. 4, Rock Springs, Wyoming, will attend this meeting and I am sure can take care of the necessary arrangements.

The arrangements of last year proved quite satisfactory as far as Wyoming was concerned and we believe that the Commissioner, Mr. Wendell Triplet, would probably be the best man appointed for this position in 1961.

During 1960 we paid Mr. Triplet \$200.00 both months for the months of June and July and we believe this will be satisfactory with the State of Utah paying him for the month of August.

If any arrangements are necessary I am sure Mr. Miller can make these arrangements for March 10.

Yours very truly,

Earl Lloyd
